2. Data processing framework

2.1. Source and categories of personal data

We process the data that you have sent us associated with your application to check your suitability for the position (or other positions in our company that may be suitable) and conduct the application process. Moreover, we may be processing the data which you have published and are available on the internet as far as it is permitted under data protection law. This includes CVs, career etc.

2.2. Purposes and legal bases of the processed data

We process your personal data in compliance with the provisions of the EU General Data Protection Regulation (GDPR), the German Federal Data Protection Act (FDPA) and other relevant laws.

The legal basis for the processing of your personal data in this application procedure is primarily Art. 6 Para. 1 lit. b) GDPR and Sec. 26 FDPA. Accordingly, the processing of the necessary data in connection with the decision on the establishment of an employment relationship is legitimate.

Should the data be required once the application process has been concluded, the data may be processed on the basis of the requirements of Art. 6 GDPR, particularly for exercising legitimate interests in accordance with Art. 6 para. 1 f) GDPR. In such case, our interest is the assertion or defense of claims.

This also includes the processing of communication data (user details, content data, connection data as well as comparable data) in the context of the implementation of the application procedure through the use of internet-based communication tools.

We may process your personal communication data (user details, content data, connection data and comparable data) as part of the application process, in particular the digital implementation of job interviews, if the contract is initiated with the help of internet-based communication tools, in order to simplify the organisation of the application process and to be able to adapt it to the current needs of the applicant and employer.

Furthermore, your voluntarily given consent can be the legal basis for data processing according to Art. 6 para. 1 lit. a) GDPR (e. g. inclusion in the applicant pool, newsletter for new job offers). The consent given can be revoked at any time with effect for the future.

Special categories of personal data pursuant to Art. 9 Para. 1 GDPR are processed for the purpose of establishing an employment relationship, exercising rights or fulfilling our legal obligations. The processing is based on Art. 9 para. 2 b) GDPR and Section 26 para. 3 FDPA. In addition, the processing of data concerning health may be necessary for the assessment of your ability to work in accordance with Sec. 9 Para. 2 h) GDPR and Sec. 22 Para. 1 b) FDPA.

Furthermore, due to the European anti-terror regulations 2580/2001 and 881/2002, we are obliged to compare your data with the so-called "EU terror lists" in order to ensure that no funds or other economic resources are made accessible for terroristic purposes.

We will inform you in advance if we decide to process your personal data for any purpose not mentioned above.

2.3. Consequences of failure to provide data

As part of your application, you have to provide the personal data necessary to establish the employment relationship or which we are legally obliged to collect.

2.4. Automated individual decision-making or Profiling (Art.22 GDPR)

We do not use automated decision-making methods according to Article 22 GDPR. If we do use such a method in individual cases in the future, we will inform you separately if this is required by law.

3. Data recipients

3.1. Within the EU/EEA

Within our company, only the persons necessarily involved in the application process (e. g. specialist departments, management, personnel department) will receive your data. Your application data is reviewed by the HR department once your application has been received. Suitable applications are forwarded internally to the persons in the respective departments responsible for the vacant position.

The further course of action is determined after that. Only persons who require your data for the proper processing of your application are given access to it within our company.

3.2. Outside of the EU/the EEA

If we transfer personal data to service providers or corporate enterprises outside the European Economic Area (EEA), the transfer will only take place if the third country has been approved by the EU Commission on the basis of an adequacy decision or if other appropriate data protection safeguards (e. g. binding corporate rules or standard data protection clauses) have been provided.

In the latter case, you have a general right of objection, which is implemented by us without specifying a particular situation.
